

REMARKS

New Claims 25-30 have been added in this Third Preliminary Amendment. It is believed that priority for Claims 25-28 extend to the earliest claimed priority date, namely, March 30, 1999 corresponding to the filing date of Applicant's prior Patent No. 6,125,719. Each of these claims are fully enabled with the disclosure of the first priority application. For Claims 29 and 30, the earliest priority for these claims is the filing of the parent application, U.S. Serial No. 10/192,544 filed on July 9, 2002. More specifically, Claims 29 and 30 are directed to the embodiment shown at Figures 8-10 which disclose the removable head receiving section.

Respectfully submitted,

SHERIDAN ROSS P.C.
